how this works

- 1 | Fill-out the appropriate page of this writable PDF evaluation form after each student presents. Don't forget to give the student/group a unique ranking from 1 - 8 (1 is best).
- 2 | Save the PDF often.
- 3 | Turn-in the completed PDF to Canvas. (Before you turn-in, please close and re-open the PDF to make sure that all your comments and evaluations have been correctly saved.)

important notes!

a Be thoughtful and honest in your evaluations. Your goal is not to make people feel good, but to give each student feedback that will help them improve their work. Be kind, but tell them the truth. **b** View all presentations before you give students their final ranking (at the very bottom of each evaluation form). **c** You're probably wondering, do you evaluate your own work? Yes!
